Attn: Mr. John W. Hayes

Commissioner for Patents
P.O. Box 1450

Dear Mr. Hayes,

As I have prepared Appeal Brief documents as required by your previous office action of 10/16/07 which is regarded as "improper" through the phone communication with you yesterday.

I refer to your above cited confirmation that I was advised to make further amendment on my previous claims 4-6 being rejected. The enclosed claims which hold the same claims no. 4-6 are kept as holding and currently amended with new wordings to overcome the rejected points of the invention subject matter.

Thank you for your appreciation.

Respectfully,

A handwritten signature in black ink, appearing to read "Henri Duong".

Your Advisory Action Before the Filing of an Appeal Brief stating that the amended claims 7-9 raise new issues being not previously considered.

- Appellant argues and cites that amended claims 7-9 recite "a new business line" and how to operate it in necessary steps transformed from the original process of specification as well as claims in the application without raising any new issue under the same Art Unit 3628.
